EDUCATIONAL QUALIFICATION

Master of Computer Applications

Nov 2022 - Jul 2024

Swarnandhra College of Engineering and Technology, Narsapuram

CGPA: 7.6

Bachelor of Science(MPC)

Jun 2018 - May 2021

Dantuluri Narayana Raju College , Bhimavaram

CGPA: 6.8

Board of Intermediate Education Andhra Pradesh(MPC)

Jun 2016 - Mar 2018

Sri Gowthami Junior College, Narasapuram

CGPA: 7.6

PROJECTS

Research on Artificial Intelligence Deep Learning to Identify The Plant Species | Jan 2024 – May 2024

Deep Learning

- Convolutional Neural Networks-based deep learning models excel in classifying plant species by analyzing flower images.
- Automated species identification uses deep learning to accurately recognize plant species from images.
- In this project, they learn to recognize distinguishing features and patterns from large, annotated image datasets.
- Data augmentation generates modified images to expand datasets, improving model accuracy and generalization.

Employee Management System | PHP, HTML, MySQL

Aug 2023 - Dec 2023

- Employee Management System is software which is helpful for employees as well as the companies or organizations.
- An Employee Management System allows administrators to edit, manage, and access employees' personal details.
- Developed an Employee Management System that securely stored data for 1,000+ employees, improving retrieval time.
- Employee Management System can be used by companies to maintain the records of employee easily.

TECHNICAL SKILLS

Programming Skills: C, Java, JavaScript, React, SQL

Software Tools: HTML, CSS, Web Development

Productivity Tools: MS Office, Google Sheets, Slides, Power BI

Designing Softwares: Canva, Star UML, VS Code

ACHIVEMENTS

- I have successfully earned the certification of Microsoft Azure Administrator Associate.
- Certificate for the completion of Python 3.4.3 Training Conduct by the Spoken Tutorial Project, IIT Bombay.
- Successfully completed Intellipaat's Java Complete Course, showcasing professional excellence in programming.
- Acquired expertise by completing a 30-day Java Full Stack Masterclass at Pantech e Learning Pvt. Ltd.
